ORDINANCE 68 RENTALS EXTRACT

Section 4 Registration

The Township will use the registration of rental dwellings as an effective resource to promote responsible property management and provide a tool for prompt contact with Owner / Agents from police, fire, emergency and other government personnel when issues or emergencies develop. The annual registration is used to update Owner / Agent information, remove a sold property, remove registered rentals, or add a newly acquired property as a rental.

Section 5 Registration Requirements

General requirements of rental dwelling registrations are as follows:

- The Owner / Agent must provide current owner and management company information, including email addresses, contact numbers, and alternate contact numbers on the registration form.
- An alternate contact must be designated on the registration form to respond to calls from police, fire, emergency and other government personnel when attempts to contact the owner / agent have failed or the Owner / Agent is unavailable to respond in a timely manner. The designated alternate contact person must be located in the Township or within twenty five miles of the Township's boundaries.
- The Owner / Agent must maintain a current list of the rental occupants. Upon request by police, fire, emergency and other government personnel, the owner / agent is required to present the list of occupants to the requesting agency.
- Incomplete or inaccurate information submitted on a registration application will result in denial of the registration application.
- A new Owner / Agent of a rental property must register the property within thirty days following execution of any deed, land contract or other instrument conveying an ownership interest in the property.
- An affidavit must be filed with the Township when a rental ceases to operate; otherwise, the property will be considered in rental status.
- The Owner / Agent must provide a copy of the latest version of the Township Information document to anyone renting the property. It is suggested that the owner maintain proof of delivery of the Township Information document to the renter.

Section 6 Registration Renewal

The renewal of rental property registration will occur annually between March 1 and April 30. A rental dwelling's Owner / Agent must submit a current and accurate registration of the rental property to the Township annually. The owner / agent must also update the Township registration record if the rental is removed, the property is sold, or the property is acquired through a purchase or transfer.

A renewal form will be sent to the last known address of the property owner prior to the start of registration period to ensure timely completion of the renewal form. For that reason, it is crucial that any changes of ownership or mailing address be reported to the Township to ensure receipt of a correct renewal notice.

Section 7 Prohibition

Any person who rents or offers to rent a property dwelling without first applying and registering the property as required in Section 5 of this Ordinance will be subject to a civil penalty as indicated in Section 8 of this Ordinance.

No Owner / Agent will be permitted to re-register a property if the Owner / Agent, rental occupant(s) or guests of either are found responsible for three violations of Chocolay Township Ordinances, state law, or any combination thereof, occurring at the property as a result of three separate incidents within the previous registration year.

Chocolay Township will send written notification to the Owner / Agent by ordinary first class mail following an alleged Ordinance violation occurring at the property. It will be the responsibility of the Owner / Agent to request additional information, if desired, regarding the disposition or outcome of each alleged Ordinance violation occurring at the property. It is unlawful to rent, receive rental income from, or offer to rent a dwelling on a property within the Township's boundaries without first registering the property, unless exempted below.
