### ***I WANT TO RENT MY PROPERTY ...***

If you want to rent your property (or a portion of it), you can with a completed *Rental Property Registration* on file with the Township. This free registration tells the Township you are renting your property, and the Township will use the registration of your property as a way for the police, fire, emergency, and other government personnel to reach you in the event of an emergency.

The registration is renewed every year beginning in March and the renewal is used to update Township records regarding rentals.

You can change the registration at any time if you decide you no longer wish to rent your property.

Further information on the regulations on rentals can be found in Ordinance 68, *Rentals*. You can access the ordinance on the Township website (click [Resources](#), then [Ordinances and Maps](#), then [Ordinances 61 through 70](#), then [68 – Rentals](#) on [chocolay.gov](http://chocolay.gov)).

The *Rental Property Registration* form can be found on the Township web site (click [Resources](#), then [Forms and Documents](#), then [Planning and Zoning](#), then [Rental Property Registration](#) on [chocolay.gov](http://chocolay.gov)).

Contact the Township Zoning Administrator (906.249.1448) if you have questions about renting your property.
